The Insight Languages *Yonde Kaite* Primary Workbook series is a comprehensive Japanese language and literacy system for primary students. With a brand new, playful design and striking manga-style illustrations, each book supports the Australian Curriculum for Japanese and includes material to help students develop vocabulary, understand sentence construction and master hiragana, katakana and basic kanji using correct stroke order.

Language topics covered throughout the series are appropriate to each grade level and cover a variety of subjects vital for gaining fluency in the language. Writing lessons build students' knowledge and skills progressively throughout each book, while engaging and varied revision and assessment lessons help to track their progress.

## Features:

- Four sections in each workbook, covering language, writing, revision and assessment
- Tips and strategies from *Yonde Kaite* mascots Pipi-chan and Fifi-chan, to guide students to proficiency in the language
- Hiragana and katakana charts, wordlists and sentence pattern lists
- Genkouyoshi grids for writing, to show students the conventions of the Japanese writing style.
